**Subject:** IECC Development

Dear Dominic and Gregg

I was a member of BOCA before it was incorporated into the ICC and have been an ICC member since its inception. Also, I have participated in all of the Code Development hearings since BOCA and have witnessed the problems which you are aware of occurring with the existing process. Thus I am writing to you in support and encouraging the ICC to support The Building Industry proposal to move the IECC to the existing ANSI process instead of the ICC Code Development process.

I am sure you have received from the proponents all the rationale necessary for making such a change. Thus, I will not be repetitive and merely ask for your support to make this change.

Respectfully submitted

Douglas W. Meshaw President

Meshaw Codes Consulting
