

Mohamed Ahmed Amer

Mohamed Amer, or Amer, is the Regional Director of Operations for the International Code Council's Middle East and North Africa (MENA) regional office, part of ICC's global services. He joined ICC in March 2020.

Amer's role primarily focuses on providing essential on-the-ground support to organizations in building safety in the MENA region, including stakeholders like AHJs, consultants, manufacturers, and more.

Amer's job involves wearing multiple hats and engaging internally with Code Council leaders to help deploy, lead, and facilitate ICC's service lines and actions for new business offerings across the Family of Solutions spectrum to offer new business across the Code Council family of solutions' spectrum.
