RE: Letter of Interest for Nancy Springer for International Code Council Board of Directors at Large Position

Dear Mr. Chairman and the International Code Council Nominations Committee:

Please accept this letter as my formal request, to the Nominating Committee of my intent to seek nomination on the International Code Council Board of Directors at Large Position.

I request the Nomination Committee consider my service and dedication to our industry demonstrated by my existing work with ICC, as well as my state and local associations/chapters.

My time and service on many committees and boards, over the last 30 years has provided me the opportunity to serve the membership. I have served as a Board Member (Director at Large) and an officer (President, Vice President, Secretary) for County Building Officials Association of California (CBOAC) and Sacramento Valley Association of Building Officials. I am now serving a second term, as a gubernatorial appointee, as the Building Official representative, on California's Contractor State License Board. This Board protects consumers by regulating the construction industry through policies for the agency's operations.

These roles have allowed me to understand time commitments and build upon my communication and collaboration skills. I completely understand the importance of being prepared and productive when working on a committee or board.

I have worked in both the public and private sides of this industry; served in the USAF and participated in an electrical apprenticeship program. I believe this would allow me to bring well rounded experience and diversity to the ICC Board. Currently, I serve as the Chief Building Official for Sacramento County, leading a staff of 85, providing services to a population of 1.5 +million. We operate under a "Special Revenue Fund" (similar to an Enterprise Fund) with an annual budget of 22+million dollars. My vision for my staff has been to provide for succession planning by providing mentoring, training, networking, and education in code development. Additionally, we embrace new technology and innovations as they pertain to the services we provide to the public.

I fully recognize the obligations related to this position, and have the full support of my jurisdiction, Sacramento County. I have the same vision and values as ICC and believe I will be an asset to the Board in their mission to the 64,000 plus membership. I appreciate the work of the Nominations Committee, and request your endorsement for this position.

My attached resume exhibits my dedication and commitment, providing you with more details regarding my qualifications and experience.

Respectfully submitted,

 Nancy J. Springer,
 Chief Building Official
