Sept. 3, 2021

I wish to express my support for Benjamin R.K. Breadmore in his quest to become a member of the ICC Board of Directors. I have known Benjamin for a long time and believe that he is a passionate member of the organization he serves.

By the age of 26 he had worked his way from field inspector to chief building official in town manager in his town. He has risen through the ranks of the state organization, serving as president. He truly is energetic and responsive to the needs of the industry.

As the Holden Town Manager, he visited the Eddington Town Council, of which I was a former member, looking for ways that the neighboring towns could collaborate on services in an effort to save money. I was impressed by his efforts. Benjamin and I have held many conversations about state legislation affecting the industry.

Benjamin Breadmore would bring his youth, experience and energy to a seat on the ICC Board. I wholeheartedly endorse his candidacy.

Sincerely,

Rep. Peter A. Lyford
Eddington, ME
