Subject: FW: URGENT: ACT BY Jan-11 TO PRESERVE YOUR ROLE AND VOTE FOR AMERICA'S MODEL ENERGY CODE (the IECC)

In my wildest dreams I cannot understand why we were even reviewing this proposal. Remember the famous words of Bill Tanyge.... The Membership always get it right.....!!!!!! Trust your members! I see no reason to change our code review process for a special interest group. . Our process is our process, there is no change necessary.

I also think the proposed timeline is extremely short which is pure BS. I have to think this is intentionally done to limit the membership right to give input.
