

The Association of Minnesota Building Officials

"Safe Homes – Resilient Communities"

August 22, 2022

Dear ICC Nominating Committee,

The AMBO Board of Directors is supporting the re-election of Ron Hampton to the ICC Board of Directors, section D

His dedication to ICC and its mission and support of the chapters is vital as we continue to move forward and seek to bring forth the next generation of code officials. His support of the chapters was clearly evident this year as he came to Minnesota in February when the outside temperatures never got above zero while he was here.
