Subject: Endorsement of Steven L. McDaniel for ICC President

Dear Chairman Spencer:

On behalf of the Southern Nevada Chapter of the International Code Council, I am pleased to express our strong endorsement of Steven L. McDaniel for election as President of the ICC Board of Directors.

Mr. McDaniel brings more than 30 years of experience in building safety, code enforcement, construction and municipal service. Since 1995, he has served as Building Official for the City of Corning, New York, where he oversees department operations, plan review, inspections, staff development and code compliance. His leadership has helped modernize permitting and records management, strengthen community engagement and support disaster preparedness and resilience. Under his direction, the department achieved an ISO Class 2 rating, the highest ranking in New York State.

His professional background also includes work as an independent code consultant, general contractor and building consultant, giving him a broad understanding of the technical, operational and customer-service responsibilities involved in the built environment. Mr. McDaniel holds numerous certifications, including ICC Building Plans Examiner, Commercial Building Inspector, Residential Building Inspector and Building Inspector, along with certifications in code administration and code enforcement instruction.

Mr. McDaniel's extensive experience, proven leadership and commitment to public safety make him exceptionally well qualified to serve as ICC President. His practical knowledge of code administration, organizational operations and the needs of local jurisdictions would allow him to continue providing thoughtful and effective leadership on behalf of ICC and its membership.

It is with great enthusiasm that we respectfully request the ICC Nominating Committee nominate Steven L. McDaniel for President of the ICC Board of Directors.

Sincerely,

Mike Clifford
Chapter President
Southern Nevada Chapter, International Code Council
