Subject: Comment on proposed changes to IECC

Dear Members of the Code Council Board,

The American Society of Interior Designers (ASID) supports the proposed framework for alignment of the residential provisions of the IECC and Chapter 11 of the IRC in keeping with the recommendations of the Appeals Board and the Blue Ribbon Committee.

Please feel free to contact me if we can offer assistance in regard to the use and application of codes and standards within the interior design practice.

Sincerely,
Katherine Setser
