

ICC Technical High School Student Membership Offer

The International Code Council is offering a special discounted ICC Technical High School Student Membership (\$25.00) for high school students who are enrolled in a Career and Technology Education Program that has incorporated ICC's Technical High School Program as part of the student's curriculum. Students may renew this ICC Membership annually for \$25.00 as long as they remain enrolled in this specific program at a Technical High School that maintains a current ICC Technical High School Membership.

Student Membership in ICC is strictly voluntary at the discretion of student's/parent's/guardian's choice with no obligation or responsibility associated to the student's school. It is not a requirement for the student to possess such ICC Membership to fully participate in the ICC Technical High School Program. It is offered as a benefit to any qualified student that is interested in obtaining ICC Member benefits such as member pricing on codes, code book references, ICC On-Line Campus courses and other products and services.

A student applying for a new ICC Membership will receive a free code book of their choice.

[Click here to access the Technical High School Student Membership Application form](#)

Students applying for ICC Membership must include the name of the Technical High School and location (City, State) on the application form to enable the application to be processed.

A student's personal information is required to ship the new member packet (includes the ICC Member Card with Member Number) and other items that may be ordered at a future date. ICC does not disclose personal information of ICC Members.

ICC Website Access for High School Students

ICC's public website, www.iccsafe.org, may be accessed and browsed by students without providing any personal data. However, students desiring to purchase items on-line through the ICC website must create an ICC Website account to make such purchases. As an option, purchases from the ICC Store can be made directly without creating the ICC Website account by calling 1-800-786-4452.
