

ICC FOAM PLASTIC INSULATION STANDARD COMMITTEE (IS-FPI)

The sixth meeting of the
ICC Foam Plastic Insulation Standard Committee
will be held December 12, 2018.

- MEETING NOTICE -

Teleconference Meeting
Wednesday, December 12, 2018, 10:00 am-2:00pm CT

The purpose for this meeting is for the IS-FPI committee to consider:

- The purpose for this meeting is for the IS-FPI committee to continue consideration of public input that has been submitted from the April 2018 Ballot Draft #1 of the ICC 1100 Standard for Spray-applied Polyurethane Foam Plastic Insulation; and
- Review and adjudicate the Ballot Comments received on the April 2018 Ballot Draft #1 of the ICC 1100 Standard for Spray-applied Polyurethane Foam Plastic Insulation

The tentative agenda will be posted on the ICC website at [IS-FPI website](#).

The scope of the IS-FPI committee is to create an American National Standard to establish the minimum physical and performance properties as well as application requirements for spray applied foam plastic insulations.

This meeting is open to the public.

If you plan on attending, please contact Steven Thorsell, Committee Secretary for call in information. Agendas, meeting minutes, meeting materials and all other documents can be found on the [IS-FPI website](#).
