

ICC Off-Site Construction Mechanical Electrical and Plumbing Standard Consensus Committee (IS-OSMEP)

The first public teleconference meeting of the
ICC Off-Site Construction Mechanical Electrical and Plumbing
Standard Consensus Committee
will be held December 15, 2021 remotely via WebEx.

- MEETING NOTICE -

Teleconference Meeting
Thursday, December 15, 2021, 2:00 pm - 4:00 pm CT

The purpose for this meeting is for the OSMEP committee to consider:

Welcome and opening remarks
Recap on committee rules and ICC Standard Development Processes
Vote for Committee Chair & Vice Chair
Discussion of Work Plan and deadlines
Discussion and organization of Work Groups and their scope
Construction of the initial working document
Next Meeting
Other Business
Action Items & Summary

This notice will act as a tentative agenda and will be posted on the [IS-OSMEP website](#) prior to the meeting.

This meeting is open to the public.

If you plan on attending, please contact Karl Aittaniemi, Committee Secretariat for call in information.
Agendas, meeting minutes, meeting materials and all other documents can be found on the [IS-OSMEP website](#).

The scope of the IS-OSMEP committee is to develop an American National Standard ICC/MBI 1210-202X Standard for Mechanical, Electrical, Plumbing Systems, Energy Efficiency and Water Conservation in Off-site Construction. ICC/MBI 1210-202X would address requirements for the energy efficiency and water conservation of off-site construction projects and the planning, designing, fabricating, transporting, and assembling, of commercial and residential building MEP system elements. This includes the componentization and modularization of elements of MEP systems, the incorporation of MEP systems in componentized, panelized or modularized building elements, and the achievement of energy efficiency and water conservation requirements in off-site construction. This standard will not apply to HUD manufactured housing.

TO ATTEND, AND FOR ADDITIONAL INFORMATION, PLEASE CONTACT:
