

ICC STORM SHELTER STANDARD COMMITTEE (IS-STM)

The meeting of the
ICC Storm Shelter Standard Committee
will be held starting Sept. 22, 2203.

- MEETING NOTICE -

Teleconference Meeting

Friday, Sept. 22 from 2-5 Eastern

Tuesday, Oct. 3 from 2-5 Eastern

Wednesday, Oct. 11 from 2-5 Eastern

Tuesday, Oct. 24 from 12-5 Eastern (not a typo – this is a longer meeting)

The purpose for this meeting is for the IS-STM committee to review and consider committee and public comments on the 2023 ICC 500 draft posted for public input and the Committee Action Report dated 6-15-2023.

This draft includes public input that had been submitted from the Call for Input to the 2020 edition of ICC 500 ICC/NSSA Standard for the Design and Construction of Storm Shelters and the revisions based on the Committee Action.

The tentative agenda will be posted on the ICC website at [ICC STM webpage](#).
The meeting will be an ongoing teleconference.

The scope of the IS-STM committee is to review proposed revisions to the ICC 500 standard.

This meeting is open to the public.
If you plan on attending, call in information, agendas, meeting minutes, meeting materials and all other documents can be found on the [ICC STM webpage](#)
