- WHEREAS, Kentucky is committed to recognizing that our growth and strength depend on the safety of our homes, buildings, and infrastructure, both in everyday life and when disasters strike; and
- WHEREAS, Our confidence in the resilience of these buildings that make up our community is achieved through the devotion of vigilant guardians--building safety and fire prevention officials, architects, engineers, builders, tradespeople, design professionals, laborers, plumbers, and others in the construction industry—who work year-round to ensure the safe construction of buildings; and
- WHEREAS, These guardians are dedicated members of the International Code Council, a nonprofit that brings together local, state, territorial, tribal, and federal officials who are experts in the built environment, to create and implement the highest-quality codes and standards to protect us in the buildings where we live, learn, work, and play; and
- WHEREAS, These modern building codes and standards include safeguards to protect the public from hazards such as hurricanes, snowstorms, tornadoes, wildland fires, floods, and earthquakes; and
