

OFFICE OF THE MAYOR

Proclamation

Whereas, our City is committed to recognizing that our growth and strength depends on the safety and essential role our homes, buildings and infrastructure play, both in everyday life and when disasters strike; and

Whereas, our confidence in the resilience of these buildings that make up our community is achieved through the devotion of vigilant guardians - building safety and fire prevention officials, architects, engineers, builders, tradespeople, design professionals, laborers, plumbers, others in the construction industry, and citizens - who work year-round to ensure the safe construction of buildings; and

Whereas, these guardians are dedicated members of the International Code Council ("ICC"), a nonprofit that brings together local, state, territorial, tribal, and federal officials who are experts in the built environment to create and implement the highest-quality codes and standards to protect us in the buildings where we live, learn, work and play; and

Whereas, these modern building codes and standards include safeguards to protect the public from hazards such as hurricanes, snowstorms, tornadoes, wildland fires, floods and earthquakes; and

Whereas, Building Safety Month is sponsored by ICC to remind the public about the critical role of our communities' largely unknown protectors of public safety - our code officials and inspectors - who assure us of safe, sustainable and affordable buildings that are essential to our prosperity, property maintenance, public infrastructure, and environmental quality; and

Whereas, the "Built to Last" theme for Building Safety Month 2026 encourages us all to get involved and raise awareness about building safety, site safety, and environmental quality on a personal, local, and global scale; and

Whereas, each year, in observance of Building Safety Month, people all over the world are asked to consider the commitment to improve building safety, resilience and economic investment at home and in the community, and to acknowledge the essential service provided to all of us by local, state, tribal, territorial, and federal building safety, fire prevention departments, and Community Development in protecting lives and property.

NOW, Therefore, I Mark Hamm, Mayor of the City of Moore, do hereby proclaim the month of May 2026 as "Building Safety Month" and encourage our citizens to join us as we participate in Building Safety Month activities.

Signed and approved this 20th day of April 2026.
