

**BUILDING SAFETY MONTH
MAY 2026**

WHEREAS, our jurisdiction is committed to recognizing that our growth and strength depends on the safety and essential role of our homes, buildings and infrastructure play, both in every day life and when disasters strike; and

WHEREAS, our confidence in the resilience of these buildings that make up our community is achieved through the devotion of vigilant guardians – building safety and fire prevention officials, architects, engineers, builders, tradespeople, design professionals, laborers, plumbers and other in the construction industry – who work year-round to ensure the safe construction of buildings; and

WHEREAS, these guardians are dedicated members of the International Code Council, a nonprofit that brings together local, state, territorial, tribal and federal officials who are experts in the built environment to create and implement the highest-quality codes and standards to protect us in the buildings where we live, learn, work and play; and

WHEREAS, these modern building codes and standards include safeguards to protect the public from hazards such as hurricanes, snowstorms, tornadoes, wildland fires, floods and earthquakes; and

WHEREAS, Building Safety Month is sponsored by the International Code Council to remind the public about the critical role of our communities’ largely unknown protectors of public safety – our code officials – who assure us of safe, sustainable and affordable buildings that are essential to our prosperity; and

WHEREAS, “Built to Last” the theme for Building Safety Month 2026, encourages us all to get involved and raise awareness about building safety on a personal, local and global scale; and

WHEREAS, each year, in observance of Building Safety Month, people all over the world are asked to consider the commitment to improve building safety, resilience and economic investment at home and in the community, and to acknowledge the essential service provided to all of us by local, state, tribal, territorial and federal building safety and fire prevention departments, in protecting lives and property.

NOW, THEREFORE, I, Joseph Deconinck, Mayor of the City of Blythe, do hereby proclaim the month of May, as **BUILDING SAFETY MONTH**. I urge all citizens to be conscious of the safety of buildings they occupy and construct and to create awareness of the importance of construction and building codes and those who uphold these codes.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the City of Blythe, California to be affixed this 12th day of May 2026.
