

Township of Shaler

Resolution Number 10-2026

Whereas, Shaler Township is committed to recognizing that our growth and strength depend on the safety and essential role our homes, buildings and infrastructure play, both in everyday life and when disasters strike, and;

Whereas, our confidence in the resilience of these buildings that make up our community is achieved through the devotion of vigilant stewards- building safety and fire prevention officials, architects' engineers, builders, tradespeople, design professionals, laborers, plumbers and others in the construction industry- who work year-round to ensure the safe construction of buildings and;

Whereas, these stewards are dedicated members of the International Code Council (ICC), a nonprofit that brings together local, state, territorial, tribal and federal officials who are experts in the built environment to create and implement the highest quality codes and standards to protect us in the buildings where we live, learn, work and play, and;

Whereas, these modern building codes and standards include safeguards to protect the public from hazards such as hurricanes, snowstorms, tornadoes (including high winds), wild land fires, floods and earthquakes, and;

Whereas, building safety month is sponsored by the International Code council (ICC) to remind the public about the critical role of our communities' largely unknown protectors of public safety- our code officials- who assure us of safe, sustainable and affordable buildings that are essential to our prosperity, and;

Whereas "Built to last" the theme for Building safety Month 2026, encourages us all to get involved and raise awareness about building safety on a personal, local and global scale, and;

Whereas, each year in observance of building safety month, People all over the world are asked to consider the commitment to improve building safety, resilience and economic investment at home and in the community, and to acknowledge the essential service provided to all of us by local, state and federal building safety and fire prevention departments, in protecting lives and property.

NOW, THEREFORE, I Board of Commissioners, Shaler Township, do hereby recognize and observe the Month of May 2026 As building safety Month. Accordingly, we encourage our residents to join us as we participate in Building Safety Month Activities.

Judith L. Kording, Township Manager

James Boyle, Chairman
Shaler Township Board of Commissioners
